

Foothill Gold Line

Summer 2017 – Community Information Meetings

The 12.3-mile Foothill Gold Line from Glendora to Montclair is an extension of the Metro Gold Line light rail system that currently runs between Union Station in Downtown Los Angeles and Azusa. The future extension will add stations in Glendora, San Dimas, La Verne, Pomona, Claremont and Montclair; with parking at each station and amenities for bicycles, walking and bus connections.

The project will break ground in October 2017 and is anticipated to reach substantial completion in late-2025 to early-2026. After groundbreaking, major construction will not begin for a few years. The first year will be spent relocating utilities, conducting pre-construction activities, and hiring a design-build contractor. A contractor is anticipated to be hired in late-2018.

This Summer, the Construction Authority is hosting a series of community information meetings to update the community about the project schedule, station design and art, and what to expect during construction. These are open house meetings, so arrive at any time and stay as long as you like. No presentations are planned; but project representatives will be available to answer questions. Importantly, the same information will be displayed at all six meetings, so attend the meeting that works best for your schedule.

Meetings take place from 5:30 PM - 7:30 PM (arrive at any time and stay as long as you like. No presentations are planned):

- July 13 - San Dimas Senior/Community Center, 201 E. Bonita Ave., San Dimas
- July 18 – Palomares Park Community Center, 499 E. Arrow Hwy., Pomona
- July 19 – Montclair Senior Center, 5111 Benito St., Montclair
- July 24 – Alexander Hughes Community Center, 1700 Danbury Rd., Claremont
- August 3 – Hillcrest Retirement Community, 2705 Mountain View Dr., La Verne
- August 7 – Glendora Library Bidwell Forum, 140 S. Glendora Ave., Glendora
