SUBJECT: NOTICE OF REQUEST FOR PROPOSALS

RFP C2005: REAL PROPERTY CONSULTING SERVICES

The Metro Gold Line Foothill Extension Construction Authority (“Authority”) hereby invites Proposals from qualified firms or teams to provide support services in connection with the Authority’s desire to see performed the above referenced consulting services.

In March 2013, the Authority’s Board of Directors certified the Final Environmental Impact Report (FEIR) for the approximately 12.3-mile extension of the Metro Gold Line Light-Rail Transit (LRT) alignment to the east, with service from the Azusa-Citrus Station to the Montclair Transcenter. It is a dual track system with overhead catenary lines for power. Traction power supply substations (TPSS) will be located every 1.0 to 1.5 miles along the tracks. The Project includes a number of at-grade road crossings and several grade separations as well as six stations in Glendora, San Dimas, La Verne, Pomona, Claremont, and Montclair. Each station includes parking facilities (surface or structures) for riders arriving by car. The LRT track would be generally at-grade and would be generally within the existing Authority right-of-way in a corridor that is shared with Burlington Northern Santa Fe (BNSF) and, in part, Metrolink trains. East of the City of Pomona, the LRT tracks would be placed adjacent to tracks currently used by BNSF Railway freight trains and Metrolink commuter trains.

The Authority seeks to procure the services of a consultant to provide the services described herein in accordance with this Agreement.

Proposals must be received by the Authority at or before 11 a.m., Pacific Time on the date indicated on the cover page of this RFP as the last day to receive Proposals. Any Proposal received after the date and time specified above will be rejected, considered non-responsive, and returned to the Proposer(s) unopened.

Parties interested in obtaining a copy of this RFP may do so by visiting the Authority’s website at <http://www.foothillgoldline.org>, or by contacting the Authority’s document control department at (626) 471-9050. - Name of Firm
- Address
- Contact Person
- Contact Person’s Email Address, Telephone Number, and Facsimile Number

2.1.3 Proposal

Generally: Section 5.0 (“Scope of Services”) of this RFP identifies the tasks required for this RFP. The Proposal must identify its approach to performing the Work in the most cost effective and efficient manner while ensuring the highest level of professionalism and quality.

Specifically: The Proposer must include the following four sections in the Proposal to be considered responsive:

2.1.3.1 Section 1 - Qualifications, Related Experience, and Financial Stability

This section of the Proposal should establish the ability of the Proposer to satisfactorily perform the required services by reasons of: (1) Demonstrated competence in the services to be provided; (2) Experience in performing services of a similar nature; (3) Strength and stability of the team; (4) Supportive client references; and (5) Financial condition and current and/or projected work load.

The Proposer shall:

- 1) Provide a brief profile of the Proposer emphasizing Proposer's qualifications to perform the Work, including the types of services offered; the year founded; form of the organization; number, size, and location of offices, with an emphasis on offices located within a one hour drive of the Authority's offices; and number of employees located in the area.
- 2) (i) Identify material subconsultants, if any, by company name (**full legal name**), address, contact person, telephone number, and any other relevant information and (ii) describe the Proposer's experience in working with each subconsultant.
- 3) Describe the Proposer's experience in performing services of a similar nature to that solicited in this RFP and highlight the participation in such work by the Project Manager, Lead Individuals, and other Key Personnel proposed for assignment to the services solicited in this RFP. The Proposer shall describe experience that includes, at a minimum (NOTE: if a subconsultant is providing a particular service relevant to the experience required below, identify the subconsultant, describe the service they will be providing, and describe such subconsultant's experience):

- 4) A minimum of two references should be given from projects cited as related experience. Furnish the name, title, address, and telephone number of the person(s) at the client organization who is most knowledgeable about the work performed. Additionally, the Proposer may supply references from other work not cited in this section as related experience.
- 5) Provide a general description and evidence of the Proposer's financial condition and ability to manage the financial demands of performing the Work; and identify any conditions (e.g. bankruptcy, pending litigation, planned office closures, impending merger, impending loss of significant personnel) that may impede the Proposer's ability to complete the services solicited in this RFP. Include any relevant information regarding current and/or projected work load.

2.1.3.2 Section 2 – Staffing and Personnel / Team Organization

This section of the Proposal should highlight the Proposer's management, technical team, and organization. The Proposer shall:

- 1) Identify the Project Manager with primary responsibility for all Work, each Lead Individual and their area of responsibility, and other Key Personnel proposed to perform the services solicited in this RFP and include major areas of subcontract work, if any. Indicate the extent to which each person will be undertaking a particular aspect of the Work themselves versus merely performing a supervisory role. The Project Manager also may be one of the Lead Individuals.
- 2) Provide a description of the experience, education, and applicable professional credentials of the Project Manager, Lead Individuals, and other Key Personnel, including a detailed description of their involvement in any experience described in Section 2.1.3.1(3).
- 3) Furnish brief resumes (not more than two pages each) for the proposed Project Manager, Lead Individuals, and other Key Personnel.
- 4) Include a personnel / team organization chart (and description, if needed) which clearly delineates communication and reporting relationships between the Project Manager, Lead Individuals, and other Key Personnel, including subconsultants.
- 5) Include a statement that the proposed Project Manager, Lead Individuals, and other Key Personnel will be available to the extent proposed for the term of contract and acknowledging that no Key Personnel shall be removed and/or replaced and/or materially less available than indicated in the Proposal without the prior written concurrence of the Authority's CEO or his designee.

2.1.3.3 Section 3 - Project Understanding, Plan, and Approach

The Proposer shall provide a project work plan (the “Project Work Plan”) in the form of a detailed narrative that:

(a) addresses how the Proposer plans to manage the Work, including how the Proposer plans to (i) support the Authority’s real property acquisition efforts to maintain the Authority’s construction schedule, (ii) work in concert with and under the supervision and direction of the Authority’s In-House Counsel and his designee; and (iii) provide systems that will provide the Authority with clear and accurate tracking of all real property acquisition activities as well as detailed plans for upcoming activities to the Authority’s In-House Counsel on a weekly basis; and

(b) show the Proposers’ understanding of the needs and requirements of the Authority in this RFP, including (i) showing a keen ability to exercise full command of the Work while demonstrating creativity in execution of the work plan for all processes, activities, and outcomes of the Work, and (ii) representing the Authority in a manner consistent with the utmost levels of professionalism on behalf of all parties associated with the Work.

2.1.3.4 Section 4 - Hourly Rates & Cost-Effective Approach

The Proposer shall present a matrix showing each individual proposed as Project Manager, Lead Individual and other Key Personnel along with an indication of each person’s hourly rate along with an indication of the percentage of each individual’s time to be devoted to the Work; such matrix shall also show hourly rates for categories of persons or services proposed for the Work but who are not a Project Manager, Lead Individual or other Key Personnel. NOTE that the hourly rates should be the Proposers’ most favorable rates since selection and award may be made without discussion or negotiation with any Proposer. The Proposer shall also include a narrative indicating how it intends to manage Work in a cost-effective manner.

2.2 CONFLICT OF INTEREST

In submitting a Proposal, the Proposer represents and warrants that it has not employed or retained any company or person, other than a *bona fide* employee working solely for the Proposer, to solicit or procure this assignment with the Authority. Further, the Proposer represents and warrants that it has not paid nor has it agreed to pay any company or person, other than a *bona fide* employee(s) working solely for the Proposer, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award of a contract pursuant to this RFP. For breach or violation of this representation and warranty, the Authority shall have the right to rescind any contract award without liability or cost to the Authority. For the term of the services solicited in this RFP, no member, officer or employee of the Authority, during the term of his or her service with the Authority, shall have any direct interest in any contract for such services, or obtain any present or anticipated material benefit arising there from.

The Authority seeks to obtain the best possible services for the Work. The Authority recognizes that many highly qualified firms and/or individuals may have worked for or have ongoing contractual relationships with the Authority. The relationships, if any, may or may not constitute a conflict of interest.

Proposers are required to disclose any possible conflicts of interests to the Authority. The Authority at any time and in its sole discretion may determine whether or not a conflict of interest exists, and qualify or disqualify a Proposer accordingly.

2.3 REQUIRED FORMS

2.3.1 Required State of California Forms

All prospective Proposers are asked to keep this date available. Based on the evaluation team's review and scoring of the Proposals and the interviews (if any), the evaluation team will rank the highest scoring Proposer first, the next highest scoring Proposer second, and so on and so forth.

Proposers are advised, however, that an award may be made without interviews or further communication with Proposers once all Proposals are received on the date specified above.

3.2 EVALUATION CRITERIA

The Authority's Board of Directors will be responsible for making the decision to award the contract.

The Authority, in its sole discretion, may select one firm or two firms. If the Authority selects one firm, the Authority intends to enter into a contract with the selected firm. If the Authority selects two firms, the Authority will select a primary firm and a secondary firm. The Authority intends to enter into a contract with the primary firm and the

secondary firm will remain eligible to enter into a contract with the Authority in the future if the Authority determines it is advisable. After the end of the validity period, the Authority would not obligate the secondary firm to hold its price or key personnel but would negotiate these.

Prior to the negotiations and/or award of the contract, the selected Proposer team members may be required to submit to a pre-award audit of their financial records to confirm claims of financial stability and ascertain the capacity of the firms' accounting systems to meet the internal controls necessary to account for state and local funds from various transportation sources.

The Authority reserves the sole right to determine whether or not a consultant will be selected and a contract awarded as a result of this RFP. The Authority may cancel this procurement or issue an addendum at any time. Issuance of this RFP does not guarantee that a contract for the services described herein will be awarded.

3.4 EXECUTION OF CONTRACT

By submitting its Proposal, each Proposer commits to enter into the form of agreement included in the RFP as Appendix 1 (the "Contract"), without negotiation or variation, except to fill in blanks. Following award and the conclusion of negotiations, if any, the Authority will finalize the Contract by filling in blanks, correcting any errors, and including other necessary information. Within five business days after delivery by the Authority to the successful Proposer of the execution form of Contract, the successful Proposer shall deliver to the Authority the following:

- A) Signed Contract (4 executed duplicate originals);
- B) Insurance certificates showing compliance with coverages required in the Contract in a form satisfactory to Authority as well as any other evidence showing such required coverages as may be requested by Authority;
- C) Evidence as to the authority of the signatories to the Contract; and
- D) Evidence of licensing, including at a minimum:
 - (i) Certified Real Estate Appraiser licensed in the State of California; and
 - (ii) California Real Estate Broker or Real Estate Salesperson licensed in the State of California.

Failure to comply with the above may result in termination of negotiations and/or cancellation of award, in which case, the Authority may (but is not obligated to) proceed to negotiate with the next highest ranked Proposer in accordance with Section 3.3.

The Contract shall not be effective until it has been signed by both the Proposer and the Authority.

3.5 NOTIFICATION OF AWARD AND DEBRIEFING

Each Proposer that submits a Proposal in response to this RFP shall be notified in writing regarding the successfully selected Proposer that was awarded the contract. Such notification shall be made within fourteen working days after the contract award is made.

Proposers that are not awarded the contract may obtain an explanation and/or response concerning the strengths and weaknesses of their Proposals. Unsuccessful Proposers that wish to be debriefed must request the debriefing in writing, and the CEO of the Authority must receive the request by U.S. mail or fax within three working days of their notification of the contract award to another firm or team.

[REMAINDER OF PAGE INTENTIONALLY BLANK]

4.0 EQUAL EMPLOYMENT OPPORTUNITY AND SMALL BUSINESS ENTERPRISE

4.1 POLICY

It is the policy of the Authority that Small Business Enterprises (SBEs) shall have a significant opportunity to participate in the performance of contracts. A firm is considered an SBE if it is certified as an SBE (i) by the State of California Departments of Transportation (“Caltrans”) or General Services (“DGS”), or the Los Angeles County Metropolitan Transportation Authority (“LACMTA”), or the City of Los Angeles; or (ii) by another recognized body acceptable to the Authority whose certification processes generally provide for a business size consistent with 13 CFR Part 121; a quality of SBE ownership that is real and substantial; and ownership discretion and control indicating true independence and discretion of the SBE. The Proposer shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age or national origin.

4.2 SBE OBLIGATION OF THE PROPOSER

To the extent subcontractors are used in connection with its proposed performance under this RFP, the Proposer agrees to engage SBEs in a manner that is reasonably calculated to help the Authority to reach its Small Business Overall Project Aspirational Goal.

4.3 EQUAL OPPORTUNITY OBLIGATION OF THE PROPOSER

In connection with its proposed performance under this RFP, the Proposer shall not discriminate against any employee or applicant for employment, or harass or allow harassment of any employee because of race, religion, color, sex, age or national origin. The Proposer shall ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, age or national origin. Such actions shall include, but are not limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

4.4 LABOR COMPLIANCE

Consultant shall be required to submit timecards for the applicable period with their invoices for all staff and subconsultants.

5.0 SCOPE OF SERVICES

5.1 PROJECT BACKGROUND

In March 2013, the Metro Gold Line Foothill Extension Board of Directors certified the Final Environmental Impact Report (FEIR). The Project is a 12.3-mile extension of the Metro Gold Line Light-Rail Transit (LRT) alignment to the east, with service from the Azusa-Citrus Station to the Montclair Transcenter. It is a dual track system with overhead catenary lines for power. The project includes six stations: Glendora, San Dimas, La Verne, Pomona, Claremont, and Montclair as depicted on Figure 1. Each station includes parking facilities (surface or structures) for riders arriving by car. The LRT track would be generally at-grade and would be generally within the existing Authority right-of-way in a corridor that is shared with Burlington Northern Santa Fe (BNSF) and, in part, Metrolink trains. East of the City of Pomona, the LRT tracks would be placed adjacent to tracks currently used by BNSF Railway freight trains and Metrolink commuter trains. It is anticipated that the Project will require only limited land acquisitions.

To the extent possible, design standards used in the Pasadena to Azusa phase of the Metro Gold Line extension were used to develop the Project, including a minimum 18-foot (30-foot desired) track separation between LRT and BNSF/Metrolink. Traction power supply substations (TPSS) will be located every 1.0 to 1.5 miles along the tracks.

There are 28 existing at-grade road crossings in the corridor. The Project will also have several grade separations and new bridges. All stations except the Claremont Station would be constructed with center platforms (placed between the two LRT tracks) that would be 270 feet long, 16 feet and 2 inches wide (min), and 39 inches high (as measured from top of rail). Due to engineering constraints, the Claremont Station would instead use two side platforms (one on each side of the tracks) each 12 feet wide (min). Station parking would be provided at six parking facilities, five of which would be new parking structures:

- Glendora Station - new parking structure: 420 spaces
- San Dimas Station - new parking structure: 450 spaces
- La Verne Station - new parking structure: 600 spaces
- Pomona Station - new parking structure: 750 new spaces
- Claremont Station - new parking structure: 1,100 spaces
- Montclair Station - existing surface lot: 1,600 spaces

1. By signing and submitting this certification with the Proposal, the prospective lower tier applicant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier applicant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Authority may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier applicant shall provide immediate written notice to the Authority if at any time the prospective lower tier applicant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms “debarment,” “suspension,” “ineligible,” and “voluntary exclusion,” as used in this clause, have the meanings set out in the Definitions section of rules implementing Executive Order 12549 [2 C.F.R. An applicant may decide the method and frequency by which it determines the eligibility of its principals. Each applicant may, but is not required to, check the Nonprocurement List issued by U.S. General Services Administration.

9. Except for transaction authorized under paragraph 5 of these instruction, if a applicant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Authority may pursue available remedies, including suspension and/or debarment.
