Vice Chair Tessitor requested a motion to approve the Consent Calendar. Board Member Pedroza made a motion to approve the Consent Calendar. Board Member Hanks seconded the motion. (Roll Call Vote: Yeas: Hanks, Tessitor & Pedroza – No: none)

7. General Board Items:

a. Receive and File Report on Project Update: Peer Review

Mr. Balian introduced Chris Burner, Chief Project Officer who provided the report. Mr. Burner indicated that the Peer Review was conducted as part of a “Best Practice” for large projects by a diverse and experienced group with involvement in transit projects, including claims prevention, civil engineering, systems, construction, project management, and safety. Mr. Burner reviewed the recommendations from the Peer Review panel which completing various third party agreements, consider advancing design work on the San Gabriel River Bridge, design and construction parameters for the shared corridor need to be finalized with SCRRRA and BNSF, consider an additional staff position for third-party coordination, consider decoupling M&O facility from the alignment contract, consider funding dedicated on-site design-makers from third parties, such as Caltrans and that the project schedule is aggressive.

Vice Chair inquired if there was a risk in delay to the schedule with regard to property acquisition. Mr. Burner indicated that there was but efforts were being made to minimize the risk. Mr. Balian indicated that the real estate acquisition plan would be brought to the Board in September.

Board Member Pedroza inquired if all of the recommendations made by Peer Review were “doable” under the current budget. Mr. Burner indicated that they were.

Vice Chair Tessitor indicated that he attended the Peer Review debriefing and found it a fascinating exercised to hear comments and opinions for experts in
the field.

Board Member Larramendi indicated that it was very helpful and useful to have Metro staff on the Peer Review panel.

Chair Hanks indicated he appreciated being able to attend the Peer Review meeting and that the aggressive schedule was not created by the Authority but by Measure R.

Item received and filed.

b. **Discussion of Project Drawings**

Mr. Balian indicated that that advanced conceptual drawings have been developed over the past 3 years and are the foundation for what will be given to the Design Build contractor to provide a bid for the Phase 2A alignment. Mr. Balian introduced Chris Burner, Chief Project Officer who provided the report. Mr. Burner indicated that the purpose of project drawings is to provide clarity and direction with regard to the general scope and cost of the project. Mr. Burner further indicated that for organizational purposes, Authority staff divided the drawings into eleven sections which are Alignment; Right of Way; Grade Crossings; Existing Utilities; Cross Sections; Station Site; Drainage; Landscaping; Bridge Structures; Track-work and Systems. Mr. Burner presented a review each type of project drawings. Mr. Burner indicated that the Design-Build-Finance contractor will develop the final engineering drawings as part of their scope of work. Mr. Burner indicated that currently staff has approximately 500 drawings and by the end of the project, the drawings will number in the several thousands.

Chairman Hanks indicated that he felt it was important that the Construction Authority Board have a general understanding of the drawings.

Item received and filed.

c. **Discussion of Bus, Rail, Pedestrian and Bike Interface Plan**

Mr. Balian introduced Tanya Patsaouras, Station Environments Coordinator who provided the report. Ms. Patsaouras indicated that staff was currently conducting a Bus Interface Study which will identifying strategies to improve bus, pedestrian, and bicycle connections to the planned Gold Line Stations. Ms. Patsaouras indicated that the study will address coordination with Foothill Transit and Metro for improving rail-bus interface, coordination with cities regarding station pedestrian and bicycle access, and rail - local transit service interface as well as performing a survey at the end of summer with bus riders, light-rail riders, local cyclists, and SGV residents. Ms. Patsaouras indicated that some of the initial findings of the study are that a continuous east-west bikeway using the ROW is not possible for the following reasons due to ROW and Physical Constrains safety concerns; cost for implementation and the
Authority’s focus is on determining ways to better connect the existing and planned regional bikeway network with the Foothill Extension stations to encourage passengers to bike-and-ride. Ms. Patsaouras indicated that the study should be completed by early 2011.

Board Member Larramendi indicated that many cities along the alignment are making a significant efforts to improve and expand bikeways.

Board Member Pedroza indicated that a possible alternative avenue for communication with stakeholders would be through social networking and media.

Item received and filed.

d. Legislative Update

Mr. Balian provided the report. Mr. Balian indicated that the Request for Proposals (RFPs) for Federal Government Relations was underway and that RFPs were due on July 26th and a recommendation would be made to the Board in August. Mr. Balian also indicated that a trip to Washington, DC was being planned for early October to discuss possible federal funding sources for Phase 2B.

Item received and filed.

e. Monthly Project Status Update

Mr. Balian indicated that the update was provided in previous reports from the Agenda to the Board.

Item received and filed.
