Mr. Balian presented a video to the Board which highlighted recent activities of the Construction Authority including IFS construction work; ongoing meetings with stakeholders and community outreach activities.

Mr. Balian reviewed various critical path items including the notice to proceed for the DB2 contract, the acquisition of the M&O properties, remaining two grade crossing approvals; San Gabriel River bridge permits, BNSF abandonment, and the SEIR legal challenge which has a hearing in October. Mr. Balian indicated that the Azusa to Montclair environmental document is schedule to be released after the first of the year. Mr. Balian indicated that an additional step has been added to the environmental process – cost-engineering review. Mr. Balian indicated that the additional step would allow engineers to review the document and would provide for a better quality document which would also include lessons-learned. Mr. Balian indicated that work continues on securing funding for the alternative analysis to Ontario. Mr. Balian introduced Mr. Burner who provided an update on the IFS construction schedule. Mr. Burner indicated that the contractor’s schedule currently indicates a fifty-one day delay which they are working to remedy and there is no impact the project schedule at this time. Mr. Burner indicated that there is a five and a half month float when the IFS structure is turned over to the DB2 contractor.

Board Member Fasana inquired if the contractor was able to keep on schedule with regard to freeway closures and re-opening the freeway at 5:00 am. Mr. Burner indicated that the contractor was doing and great job of planning work during freeway closures. Mr. Burner indicated that there are no contract implications if they continue work past the deadline for re-opening but also indicated that Caltrans is also a motivating force to make sure the timelines are maintained.
