7. **General Board Items**

   a. **Project Update: Glendora to Montclair Structures Update**

      Mr. Balian introduced Chris Burner, Chief Project Officer, to provide the report. Mr. Burner indicated that the Glendora to Montclair segment has 14 crossings that require structures. Mr. Burner indicated that there are 23 structures required for these 14 crossings and that some crossings require multiple structures to accommodate light rail and freight tracks. Mr. Burner indicated that of these 23 structures there are 18 new structures; three (3) will be modifications of existing
structures and two (2) will be total replacements. Mr. Burner reviewed the various locations of structures.

New Structures

- New structures will be built where a structure does not currently exist

1. Foothill & Grand Grade Separation
2. Big Dalton Wash Channel (FRT)
3. Route 66 Grade Separation (LRT)
4. Retaining Walls - East Glendora Overhead at Route 210
5. San Dimas Wash Channel Bridge (LRT)
6. San Dimas Wash Park Roadway Bridge
7. Lone Hill Ave Flyover (LRT)
8. Retaining Wall - Gladstone Overhead at State Route 57
9. Puddingstone Channel Bridge (LRT)
10. Marshall Creek Bridge (FRT)
11. Live Oak Wash Channel Bridge (LRT)
12. Live Oak Wash Channel Bridge (FRT)
13. Thompson Creek Channel Bridge (FRT)
14. Garey Avenue Grade Separation (LRT)
15. Towne Avenue Flyover (LRT)
16. Indian Hill Grade Separation (LRT)*
17. San Antonio Wash Channel Bridge (LRT)
18. Monte Vista Bridge (LRT)

* If funding is available and approved by city

Mr. Burner indicated that the locations that would be modified or widened are Big Dalton Wash Channel Bridge (LRT); Puddingstone Channel Bridge (FRT) and Thompson Creek Channel Bridge (LRT). Mr. Burner indicated that the locations that would be replaced are State Route 66 Grade Separation (FRT) and San Dimas Wash Channel Bridge (FRT).

Mr. Burner indicated that with regard to design standards: all designs shall be in accordance with applicable Governmental Rules/Agencies which include Metro Rail Transit Design Criteria; Metro Standard Drawings; SCRRA Standards; Caltrans Standard Specifications; Army Corps of Engineers Standards and AREMA code and freight railroad requirements.

Board member Fasana inquired about the Foothill and Grand bridge in Glendora. Mr. Burner indicated that a traffic analysis was conducted in connection with the EIR and it was determined that for the long-term betterment of the community a grade separate structure was recommended. Mr. Burner indicated the Board had approved the mitigation and it subject to available funding and approval by the City of Glendora.
Vice Chair Pedroza required that Mr. Burner describe the difference between a fly-over and a grade separation. Mr. Burner indicated that fly-over terminology is used to describe when we crisscross the light rail and freight. Mr. Burner indicated that there are two locations along the Project where this occurs. Mr. Burner indicated that there are businesses that are served by freight that is currently in existence.

Chair Tessitor indicated that he is hopeful that staff will address possible traffic impacts when structures are being built or modified. Chair Tessitor indicated that he was specifically concerned about Route 66 in Glendora which is a major artery in the city. Mr. Burner indicated that staff is near completion on plans for traffic mitigation during construction which will be shared and reviewed with the cities to address such concerns.

Item received and filed.

b. Consideration of Resolution in Support of Los Angeles County Metropolitan Transportation Authority (Metro) Proposed Measure on November 8, 2016 Ballot

Mr. Balian provided the report. Mr. Balian reviewed the information provided in the Draft Ballot Measure Expenditure Plan being proposed by Metro.

Draft Ballot Measure Expenditure Plan
Mr. Balian noted that there is approximately a $150 million shortfall from the proposed budget by the Construction Authority and what Metro has presented in the proposed Expenditure plan as well as a difference in the start date for construction. Mr. Balian indicated that Metro has indicated that funding would be available in 2019 and that the Construction Authority has indicated 2017. Mr. Balian indicated that if the Ballot Measure is approved staff will work with Metro to address the difference and concerns.

Mr. Balian reviewed the Ballot Measure Timeline.

Board Member Wapner inquired if staff was aware of Metro’s timing of the bonds should the Measure pass. Mr. Balian indicated that they would be phased but the Project is a priority project for Metro and would hopefully one of if not the first to be funded.

Chair Tessitor inquired what outreach was being conducted to each of the corridor cities by Metro and/or the Construction Authority. Board Member Fasana indicated that Metro has requested support but is prohibited by law from advocating for the Measure. Board Member Fasana indicated that he would be happy to meet with anyone that has questions or concerns regarding the proposed Ballot measure.
Mr. Balian indicated that staff has prepared a draft Resolution in support of the proposed Measure for the Board’s consideration.

Board Member Bowen indicated that she was very supportive of the Resolution.

Vice Chair Pedroza requested a motion to approve the proposed Resolution in support of Los Angeles County Metropolitan Transportation Authority’s (Metro) Proposed Sales Tax Measure for the November 8, 2016 Ballot, including funding to build the Foothill Gold Line to Claremont starting in FY2019. Chair Tessitor made a motion to approve which was seconded by Board Member Leon. Vice Chair Pedroza requested a roll-call vote on the item which was approved unanimously 5 to 0.
